

Zetwerk Case Study

Client

A world leader in the LED space, aiding in the design, development, manufacturing and distribution of affordable, energy-efficient outdoor LED lighting solutions and displays

Challenge

In light of the pandemic, the client's global strategy aimed to build resilient supply chains

The Zetwerk Effect

Zetwerk's manufacturing expertise and geographical presence provided the client with high quality and cost-efficient solutions. Zetwerk manufactured housings, mount brackets and lens covers, along with other components, for the client's off-road lighting projects in Australia, delivering ~10,000 parts in a single fiscal year.
